To A Really Special Friend, Marta!

These 8 years that I've known you have gone
by so fast it's hard to believe it's graduation time
already. I really think I can honestly and truly
say that out of all the friends that have come and
gone and of the very few that have stayed, you've
been the best. You and I have had a lot of ups and
downs these past few years, and we've gone through
and overcome a lot of them together, and that's what
makes our friendship so special. I know it will remain
that way. Good luck in whatever you do after H.S.
By the way, this is not a farewell speech, here because
I know I'll be seeing a lot of you! Good Luck! (Chuck!)
P.S. - I Luv Ya!! You're a great friend! Maria

But that's the way it should stay.

That's the way it should stay.
If we feel so much for each other
it was meant that way.

Baby at long as you are in school

you ever drop out of college you
know who your parents are going to
blame. I hope to God you get
everything you want and more.
